Mule—Ranger Caught—Drowned in a
Cistern.

Jagoe Put Under Arrest.

Crofton, June 26.—Earnest Jagoe, col., who shot Jake Drake, col., in the face in a row over a Will Cat. Holton last Saturday, has been arrested and placed under a \$200 bond, to appear before Ego, Geo. H. Myers next Tuesday. Drake is still alive, but the chances are against his recovery. Jagoe was shot in the neck by Drake, but the wound is only a slight one. Shelton, a bystander, was also in the arm. There were five shots fired. Your correspondent was unable to learn the cause of the shooting. Drake is considered a very dangerous nigger and has several times figured in rows with members of his own race.

A Regular Cloud Burst.

Last Tuesday afternoon one of the heaviest rains of the season fell near Lafayette, amounting to a regular cloud burst and great damage was done to property in that section. The rain was accompanied by a very high wind, which wrecked several barns and other out buildings and blew down much fencing. Tobacco crops were washed up and carried away and much wheat in shock suffered a late frost. Many fruit trees were also blown down.

Struck With a Horse Ball Bat.

While in a practice game of ball at Cadiz Tuesday, Oscar Baker and a young man named Schultz became involved in a difficulty. Baker struck Schultz over the head with a bat, cutting open his head for several inches. It is believed that the young man's skull was fractured by the blow and he may die. A warrant was immediately sworn out for Baker's arrest but he has not yet been found.

Many Feet Cent of a Crop.

The wheat crop is being threshed out at a rapid rate and will soon be of the hands of the farmers. Reports from all parts of the country are to the effect that the yield is a very poor one. There will not be more than 60 per cent. of a crop. The quality is very good and part of the grain will be marketable. No 2 wheat opened in this city at 82 cents, and receipts are light. No 3 ranks a few cents lower.

The Kentucky-Indiana League.

A meeting of the Kentucky-Indiana League will be held in Evansville, Ind., to-day, when final arrangements will be formally made. The towns composing the proposed new league will likely be Evansville and Vincennes, Ind., and Henderson, Hopkinsville, Madisonville and Owensboro, Ky. Hopkinsville will have a representative at the meeting to-day.

Kicked by a Mule.

Mr. W. H. Clark, a well known young farmer, of Beverly, was kicked in the side by a mule Tuesday and it was first thought that he had been fatally injured, but upon examination by a physician it was found that no bones were broken. At last account Mr. Clark was getting along as well as could be expected and will be able to be out again in a few days.

Motion Overruled.

In the case of W. F. Cox and wife vs. Robt. Armstrong, which was decided some months ago in favor of plaintiffs and in which a motion was made for a re-hearing, a final opinion has been rendered, overruling the motion. Messrs. J. B. Allenworth and W. W. Clarke represented the plaintiffs and Messrs. John Feland and C. H. Bush the defense.

A Suspected Rapist Captured.

Nat Curtin, a negro was arrested near Elkton, and he is believed to be the fiend who assaulted Mrs. C. Trimble, near Adairville, about three weeks ago. The examining trial comes off to-day, and if he is identified by the lady there will be a hanging in Logan county at once.

Drowned in a Cistern.

Otho, the 16-month-old child of Jake Quarles, col., of Church Hill, while playing around an open cistern Wednesday, fell in and was drowned. The child was not missed for half an hour after the accident and when a search was made its dead body was found in the water.

Gone to the Pen.

Deputy H. H. Goley took Frank Tandy, col., to the Eddyville prison Tuesday to serve a sentence of two years for forgery. Tandy was only one given a term in the pen at this season of the court.

MR. R. J. COOPER DEAD.

A Prominent Merchant of Lafayette Falls.

Mr. R. J. Cooper, the veteran merchant of Lafayette, Ky., died Tuesday morning at 2 o'clock after a lingering illness that had its beginning from a carbuncle.

Mr. Cooper had been rather feeble in health for some years, having been a sufferer from a throat trouble. His painful sufferings from the carbuncle brought on other complications and for some weeks he had been in a very critical condition. His death had been looked for for a week or more, as his physicians had abandoned all hope of his recovery.

Mr. Cooper was in the 74th year of his age and was one of the oldest merchants and most favorably known business men in the county. He had been in business in Lafayette for a half century and no man in South Christian stood higher or enjoyed the confidence and respect of his neighbors to a fuller extent.

Deceased was born in Virginia, but moved with his father to this county about 60 years ago. Later on he lived in Logan county for several years. He leaves a family of grown children, one of his sons, Mr. R. E. Cooper, being a well known tobacco warehouseman of this city.

He leaves a handsome estate, as he was a first-class business man and during his long career accumulated a large fortune. Mr. Cooper had for many years been a consistent member of the Methodist church, and was prominent in its affairs.

The interment occurred Wednesday morning in this city with Masonic honors, the brief services at the grave being conducted by Rev. H. C. Settle of the Methodist church.

The New Small Meeting.

The meeting at the Tabernacle will close next Sunday night. During his stay here Rev. Sam Small has delivered some of the finest sermons ever heard in the city and our people have shown their appreciation of the evangelist by turning out in large numbers to hear him at every meeting. In a conversation with Mr. Small yesterday he said that his labors here had been very satisfactory to himself and he had reason to believe that they would result in good to the community. He likes the people of Hopkinsville and is in high good humor with everybody.

He has an engagement with the Southern Lecture Bureau for the month of July, and will deliver lectures in the States of New York and New Jersey. He is also to deliver a temperance address in Louisville the first of July.

Mr. Small is a very busy man and is now carrying on a voluminous correspondence involving all his time for several months to come. Nothing we could say would add to his reputation, in this section as a deep thinker, an orator or a conscientious laborer in Christ's vineyard.

Circuit Court Matters.

This week has been taken up by civil matters and nothing of much importance to the public has been passed upon. As the docket is a pretty full one it is likely that an extra session will be held the latter part of next month in order to dispose of the business.

In the case of Meacham's adm. vs. the L. & N. railroad, after the plaintiff's witness was introduced, a motion was made by defendant's attorney for peremptory instructions. The court held that the evidence was not sufficient to constitute negligence on the part of the railroad company, as deceased had contributed to the injury, and the case was dismissed. Geo. Meacham was killed by train L. & N. train at Kelly in March last, and a suit for \$60,000 damages was brought against the company.

Road Race at Clarksville.

Clarksville, June 23.—Yesterday the Times ten-mile road race was run out the Nashville pike five miles and return, the start being made at 5 o'clock. There were eight entries, all local wheelmen. The course was rough, and hence the time was slow, but a large number of people witnessed the sport. The race was won by Kendrick Rudolph, five minutes handicap in 37:40. J. A. Lyon, Jr., three and one-half minutes handicap, won the time medal, in 38:20.

The Lyon Babies.

Dr. S. J. Mathews, who has been out the past two weeks exhibiting the Lyon babies, returned Sunday. He showed them at Nashville, Spingfield, Clarksville, Hopkinsville and several other places. When asked what would be the next step, he was either unable to tell or undecided, and said they would be here for the present. The parents were with the babies on part of the tour.

The People's Party Co. Com. is called to meet in Hopkinsville on the first Monday in July to transact important business. M. D. Davis, Ch'm.

FOUR MORE FOR SILVER

OF SIX STATE CONVENTIONS TWO-THIRDS ARE FOR THE WHITE METAL.

Illinois, Indiana, Ohio, and Texas Fall in Line, With a Large Gain for Silver in Wisconsin—New York for Gold, but Electorate Not Named.

Illinois for Alford and Silver.

Peoria, Ill., June 23.—John P. Alford is the nominee of the Democratic party for Governor of Illinois. He was unanimously placed at the head of the ticket this afternoon. The convention, as has been predicted, came out strongly for free silver, and so instructed its delegates at-large to the National Convention. The platform was almost diametrically opposite in all its parts to that of the Republican party, and the 1068 delegates voted unanimously for its adoption.

Silver Gains in Wisconsin.

Milwaukee, Wis., June 23.—Free silver developed unexpected strength in the Democratic State Convention to-day. Until within three weeks the gold standard adherents were supposed to be overwhelmingly in the majority in the Wisconsin Democracy, but when the test came this afternoon the delegates in the minority and majority reports from the Committee on Resolutions the silver men were found to number 128 of the 340 delegates in the convention. The delegates at-large to the national convention are all gold-standard advocates.

For Bland and Silver.

Austin, Tex., June 24.—The silver wing Democratic State Convention of Texas yesterday adopted a 16 to 1 free silver platform, and endorsed Bland for President.

Ohio Goes for Silver.

Columbus, O., June 24.—The Democratic State Convention concluded to-night after being in session continuously all day. It was primarily a silver convention, and secondarily the budding of a boom for John R. McLean for the presidential nomination at Chicago. Of the 678 delegates 520 voted for free silver and 618 for McLean.

New York for a Gold Standard.

Saratoga, N. Y., June 24.—The Democratic State Convention has put itself on record on the financial platform, but declined to name its electoral college. The delegates declared for sound money and endorse the present administration.

Indiana for the White Metal.

Indianapolis, Ind., June 24.—The convention of Democrats in this city to nominate a state ticket was the largest and most enthusiastic of recent years. E. F. Shively, of South Bend, was named for governor on the first ballot. The platform adopted declared unequivocally for free silver and endorsed Gov. Matthews for president.

Christian Advocate.

Sunday is the time set for the regular monthly meeting of the Local Union. The services will be held in the Ninth Street Methodist church, at seven o'clock. The meeting will close in ample time to allow attendance upon regular church services. Everyone is cordially invited to attend.

The Fifteenth International Convention which opened in Washington on the 8th of July, will be the most wonderful that has ever been held. Not only will there be more delegates in attendance, but more prominent men will be present and address the assemblages, than ever before. The sessions will convene in better quarters than heretofore. Three immense tents, capable of seating thousands of people, have been prepared, and the largest halls and churches secured for overflow meetings.

Washington moulds the opinion of our nation in a great many matters, and the convention, bringing thousands of our enthusiastic people in contact with the Capitol of the nation, will no doubt, exert a wondrous influence for good. And because of the national prominence of the convention, gathering is attracting more wide-spread attention from non-Deceivers, than any of its predecessors.

Kentucky intends sending the largest delegation in her history. Owing to the extensive preparation which are required for the entertainment of the international, the Board of Trustees usually decides two years in advance when the meetings are to be held. Louisville is trying to secure the convention of '98, and for that reason, desires to send a representative either unable to tell or undecided, and said they would be here for the present. The parents were with the babies on part of the tour.

Fulton is to have a fine new \$20,000 hotel.

TODD KNOCKED OUT.

Decision of the Court of Appeals Affects Others.

Frankfort, Ky., June 23.—Mayor Todd loses. So does Appellate Judge Landes. The successor of both, as well as of Judge Noble must be elected next November.

So decides the Court of Appeals. The opinion was handed down by Judge Hazelrigg this morning. After stating all the evidence at which the case is affirmed, Judge DuRelle and Guffy dissented; Judge Landes not sitting.

This, of course, meant that the court had, by accident or otherwise, divided politically in the decision. The reason why Judge Landes did not sit was because the decision affected his term of office the same as that of Todd, the constitutional question being decided as well as the charter provision.

The opinion is in Judge Hazelrigg's handwriting and covers twelve pages of closely written legal cap. After stating all the evidence at which the case is affirmed, Judge DuRelle and Guffy dissented; Judge Landes not sitting.

The court further holds that the election of presidential electors in an election of State officers is the meaning of Section 152 of the Constitution, which provision that the election to fill the vacancy shall take place at the next election of State officers, either city, town, county, district or State officers are to be elected.

The court further holds that the Fifth district is to be regularly elected this fall and indicates very clearly that if an Appellate Judge is to be regularly elected this fall that it is unreasonable to hold that Judge Landes's place, constituting a vacancy on the same bench, cannot be filled.

The opinion indicates throughout that what applies to Todd's case applies very much more to Judge Landes, to Judge Noble and to all the officers now serving by appointment and filling a vacancy. The opinion is considered much more conclusive than the McCullough-Shelby opinion of some time back.

Another Negro Rapist Lynched.

Decatur, Ala., June 24.—Full and reliable particulars of the atrocious crime and awful fate of Louis Orr have just reached here and is as follows: Orr was a colored man, and was living in Lawrence county. His little daughter, Mary, is only 8 years old. Lewis Orr, a negro 22 years of age, was shot dead by a white man, who was his father's friend. The following morning the negro returned to Mr. Puckett's and was to work as usual in the cotton field.

Two young white men, legally authorized, arrested the negro, where he was at work, and delivered him to the county jailer at Moulton. During the day a posse of more than fifty men had been organized and started to Moulton to arrest the negro. The jailer, hearing that the posse was coming, concealed the negro in the cupola of the court house, but his whereabouts was discovered and he was taken, tied on a mule and carried to the Baptist church, a short distance out of town, and hanged to a tree, then shot perhaps several times.

News From Miss.

Gracey, June 25.—Miss Fannie Wash, of Wallonia, is the guest of Mrs. T. J. Wall this week.

Mr. A. C. McGee and Dr. D. Bell have returned from Dawson.

Mr. R. G. Bayham, of Waverly, Ky., is spending a few days with old friends here.

Capt. R. S. Pool leaves Sunday for Richmond, Va., to attend the reunion of Confederate veterans, June 30.

Jack Harris, col., was thrown from his mule Tuesday, breaking one of his legs.

A delightful moonlight picnic was given last night at the home of Mr. E. W. Conner, near the home of Ruby Powell, of Corydon, and Mary McGraw, of Roaring Springs. Element refreshments were served and the affair proved a most enjoyable one to all who were fortunate enough to be present.

Boone Family Reunion.

A remarkable family picnic and reunion was held near Elkton Tuesday by the children and grandchildren of Mrs. M. M. Boone, the widow of the late H. G. Boone, nephew of Daniel Boone. The party numbered about fifty, all of whom are direct descendants of the Boone family.

Removal of A. F. A. Headquarters.

Washington, June 23.—The national headquarters of the A. F. A. is being moved to this city this week by President Nichols and Secretary Palmer, who are now in Chicago arranging the affairs of the order and its furniture and records of the order from that city to Washington.

CALIFORNIA'S WILD CATTLE.

Good Horsemanship Required to

The youthfulness of the coast range and its typical volcanic origin doubtless explain the occurrence of localities which are literally inextinguishable mazes of narrow canyons leading in and out of each other, many beginning with a precipitous waterfall and ending in much the same fashion, says the Overland Monthly. When it is borne in mind that in these recent formations every canyon opening upon the main valleys and pot-holes has a bewildering number of tributaries, and every tributary subcanyon ramifying "ad infinitum" from both sides, the exact counterpart of the other, the statement that there is a great deal of country among the San Rafael and Sierra Madre del Sur mountains unbroken by man or horse will be given ready credence.

Thus it happens that there are wild cattle running among these labyrinthine hills have never seen a human being and probably never will. Scarcely water and food drives stock into unwanted places, and a percentage never finds its way back. The exploration of these canyons, therefore, is attended with constant surprises, mostly unpleasant, as a steer eight or nine years old, unaccustomed to the sight of man, is as undesirable a companion in a narrow gulch as a grizzly.

Fleet as a deer, and entirely without fear of horse or rider, their capture and subjugation involve a display of nerve and horsemanship surely without parallel. Tail in the air, the steer would race up the mountain the moment he caught sight of the vaqueros. Up the steep, through the brush, over barriers, the vaqueros, neither sparing horse nor heeding obstacles, would succeed in heading off the fugitive, who would immediately show fight. While making a rush at one rider, as quick as a flash the steer is lassoed by another around the horns, and checked with a jerk which flings his hindquarters skyward. Before the astonished animal can gather its wits the vaquero who has him by the horns turns his horse and begins to drag the steer toward the main herd. Other vaqueros beat it on the flanks with their rattles, and seek to overcome the brute's reluctance by jostling and kicking it from behind with their heavy tapadores—one of the multitudinous uses to which the ornamental leather covering of the stirrups on a Mexican saddle is put. In this manner, with many wild plunges from side to side, the open-mouthed bullock is snatched close to the rest of the cattle, lassoed by the hind feet, stretched out, thrown, and the rope slipped from off its horns. As he rises the steer's hind feet are allowed to free themselves. As a rule, a refractory beast, after a pretty romping, will at once join the main band. Our nine-year-old friend does nothing of the sort. With a bellow and a rush, seeing every other channel blocked, he cuts right through the herd, and is off across the porteros at a swinging gallop. Before many yards are covered, he is again "lassed," dragged back to the herd, thrown and released. Nothing daunted, with lowered horns he makes a vicious run at one of the horses, which is either avoided, or, if unavoidable, received on the thick leather flap from which the stirrups and tapadores are pendent. Recovering for another charge, he makes a vicious run at one of the horses, which is either avoided, or, if unavoidable, received on the thick leather flap from which the stirrups and tapadores are pendent. Recovering for another charge, he makes a vicious run at one of the horses, which is either avoided, or, if unavoidable, received on the thick leather flap from which the stirrups and tapadores are pendent.

A Find of Naphtha.

At Grosny, on the north slope of Caucasus, naphtha has been found in very large quantities, some of the borings yielding as much as oil as the richest Bakus wells. One gives 13,000 tons of naphtha in 24 hours. A pipe line is being constructed on the nearest railway station on the Wladikavkaz railroad, eight and a half miles away. The wells are nearly all in the hands of the Russian capitalists, among them the Nobels. On the Black sea slope of the mountains large deposits of manganese have been found at Grosny in the government of Katus, silver-bearing lead ore in the Sanchum district, and iron and titanium at Novia and Nadirima Darass.

A High Death Rate.

In Lagos, west coast of Africa, out of an estimated European population of 150, the deaths in 1894 were 23, or at a rate of 154 per thousand, as compared with a death rate of 19.3 in England.

HOUSEHOLD HINTS.

Bits of Things of Interest to the Housewife.

Roller-ban, tongue or beef should invariably be cooked in the water in which it was cooked, for it makes the meat moist and tender.

For jelly it is not generally known that a stalk of nut-horn will give as much jelly as a calf's foot at less than a quarter of the cost.

Lemonade should never be made in a tin vessel; the acid of the lemons with tin forms a poison, which is very apt to produce severe sickness.

In severe paroxysms of coughing, give a mixture of pure good glycerine and good whiskey—a dessertspoonful of each. These ingredients must be well mixed.

The porcelain sink or bathtub can be cleaned by scrubbing with hot soda water and then rubbing it with sand or rottenstone, where there are hard stains.

Table salts, which is dried for the table, should be allowed to grow cold before being placed in the salt cellars. If this is not done the salt cakes together in lumps.

Cane-bottomed chairs should be washed on the under side, using a sponge and hot water, with soap if much soiled. The cane should be completely soaked and dried in the air.

The most useful pan that any housewife can possess is a large deep frying or braising pan, with upright sides and lid. If possible, this should be of copper, and not less than four and a half to six inches deep and twelve across. In such a pan as this nearly every cooking operation can be carried on.

Very hard rust on tin utensils can be removed by scouring with paraffine and sand. After this treatment a good boiling in soda water will be necessary. To remove rust from steel, rub plenty of oil on to the rusted, and do not wipe it off for three days. Then polish with finely powdered unslacked lime till all the rust disappears.

A good toothbrush can be made at home for a trifling cost, as follows: Dissolve two ounces of borax in three pints of boiling water; before quite cold add a teaspoonful of tincture of myrrh and a teaspoonful of good eau de cologne or spirits of camphor. Half fill the tumbler with this solution and add sufficient water to fill it up. Use this wash daily after each meal, and the teeth will be preserved and whitened.

A Washington Romance.

Sally Cary, the vivacious Virginia belle, and Washington were on terms of warm friendship. One of the most interesting of these was written directly after the engagement with the French at Monongaheli, on July 9, 1753, from which Washington emerged in safety, after having pressed shot under him, and with four bullet holes under his coat. Fairfax, Sally Cary's husband, wrote the young soldier the most complimentary letter upon his valor and his service to the cause, and pressed him to come at once to Belvoir. A clause at the close of the note presents some graceful felicitations from the ladies of the household, and extends a heartily cordial invitation to visit to the cause, and pressed him to come at once to Belvoir. THE TRIP TO WASHINGTON

The Only Low Rate Excursion to the East This Season.

A large number from this section will probably take advantage of the Christian Endeavor excursion to Washington, D. C., July 1. The route over which the special train will run is the most known Chesapeake & Ohio, the most interesting route leading into the Capital. The train will leave Louisville at 5:30 p. m., July 1, and will be run via the new Shelbyville cut-off, and thence through the beautiful Blue Grass region of Kentucky, into West Virginia, passing through one continuous line of scenery unsurpassed for beauty and interest. The New River with its mighty canyons, is left at Elkins, and the train follows the banks of the picturesque Greenbrier, now a perfect mirror reflecting the conrolling mountains, and then a rushing torrent leaping over immense boulders, and lashing itself into frothy spray. It is here among the most stupendous scenes of the most famous resorts are located. They come in rapid succession: Red Sulphur, Salt Sulphur and the famous White Sulphur Springs. Then comes the Sweet and Sweet Chalybeate, then the Hot Springs. Then comes Clifton Forge, with the famous Natural Bridge of Virginia. The trip is away. The passage of the Shenandoah Valley is reached. The train passes through the Blue Ridge Mountains coming out at an elevation of 1,000 feet above Piedmont Valley, where is presented the grandest landscape of America. The trip from this point to Washington will be made through a beautiful country, slightly undulating, but dotted with variety scenery, until the Capital is reached. Stop-over privileges are granted at White Sulphur Springs and Covington, Va. (the station for Hot Springs). Cheap day trip excursions have been arranged from Washington to all places of interest. Pullman cars will be run to Clifton Forge and Washington. Diagrams are now open, and berths should be secured in advance by mail or in person. Persons desiring to take this delightful trip should write W. A. Wilgus, S. F. A., Hopkinsville, Ky., and further familiarize themselves with the details of the trip.

Church Dedication.

The Pleasant Green M. E. Church, located on the Buttermilk road, will be dedicated on the first Sunday in July by Rev. S. W. Shelton, presiding elder of the Green River district. All are invited to come, and to come prepared to stay all day, by bringing a lunch with you.

Pastor.

GEN. BEN BRISTOW.

A Statesman Who Once Lived in Hopkinsville.

New York, June 22.—Benj. H. Bristow, Secretary of the Treasury during President Grant's second term, died at his home in this city to-day of peritonitis. Mr. Bristow was taken ill only last Saturday.

Benjamin Helm Bristow was a native Kentuckian, having been born at Elkton, Todd county, June 20, 1832. His early education was obtained at Jefferson College, Pennsylvania. Afterwards he studied law, and was admitted to the bar in Kentucky in 1853, entering into practice at Elkton. In 1858 he removed to Hopkinsville. His brother Mr. Frank H. Bristow still resides at Elkton.

The breaking out of the civil war presented a problem which the young lawyer found hard to solve. He decided, however, to stand by the Union and entered the army as Lieutenant Colonel of the Twenty-fifth Kentucky Infantry. During the war his regiment was actively engaged. He was at Fort Donelson at the time of the capture by Grant, and at Shiloh, where he was wounded.

About the close of the war he became Colonel of the Eight Kentucky Cavalry and served with distinction. While still in the field he was elected to the Kentucky State Senate and served two years, from 1863 to 1865.

Early in the important State legislation of that time bore the impress of his firm character and convictions. At the conclusion of his term Gen. Bristow declined to stand for reelection, and was appointed United States District Attorney for Louisville. After five years of efficient service he gave up this place for the higher one of United States Attorney General. This appointment was made on the occasion of the organization of the Department of Justice in October 1870. Two years were passed in this service, after which he returned to Louisville and practiced law. For a short time previous he had been counsel for the Texas Pacific Railroad Company. It was during this period of his life in Louisville that Gen. Bristow won some of his most celebrated cases.

He had his associates, Judge Harlan and Mr. A. E. Wilson, even then a prominent man, gained wide fame as able jurists.

In 1873 Gen. Bristow was nominated Attorney General of the United States, but the appointment was not confirmed. A year later, June 4, 1874, President Grant appointed him Secretary of the Treasury. This was the time that Gen. Bristow's fine character was tested. He unearthened the gigantic whisky frauds which had arisen and dismayed the country, and was inflexible in seeing that due punishment was inflicted. These prosecutions brought out the fact that many high officials in the service of the United States were parties to the conspiracy by which the Government was robbed of millions of dollars.

W. C. Avery, Chief Clerk of the Treasury Department, was found to be implicated and was removed. Mr. A. E. Wilson, of this city, being appointed to succeed him.

In 1876 Gen. Bristow resigned. He became a candidate for the Republican nomination for President in that year and at the convention at Cincinnati he received 113 votes, that being the strength of the element opposed to the nomination of James O. Blaine. This was Gen. Bristow's last appearance in national affairs. He went to New York and became a member of the law firm of Bristow, Peet & Opedyke.

Church Hill.

Church Hill, June 23.—As we have not made our appearance in your excellent paper for some while, will endeavor to give a few items from our village.

Miss Rosa Lee Adams is visiting her grandfather, Mr. Siviloy. Miss Annie Carver, who has been visiting Misses Ora and Berta Baker, has returned to her home at Hermitage, Tenn. Many are the hearts that are sad to-night in consequence. Misses Frances Barr and Mattie Duke paid our village a flying visit last week.

Some of our young people attended the reception given by Mr. and Mrs. Huffman in honor of Miss Frances Barr, last Thursday evening.

Mr. Allen Owen, looking quite stately and student like, has returned from the Elkton Training school. Our dark-eyed little belle of this neighborhood, Miss Mattie Duke, has gone to Logan county to visit her sister and some former Bethel college schoolmates. We wish for her a pleasant visit and the boys all say a speedy return.

It was rumored last week that one of our best looking and most popular boys was lost, but he was returned in safety to his father's home. Watch out Robert, or some of our girls will carry you off sure.

The party given by Miss Addie Brondie was a great success. "Our King" was quite ill last week, and as we fear it is a case of heart trouble we feel quite uneasy.

DEATHS.

CHAVENS.—Mrs. Susan Chavens, wife of Mr. L. O. Chavens, of Julien, died Tuesday night, of cancer, aged about 65 years.

CLAYBROOK.—Edward Claybrook, an asylum patient, died of paralysis Tuesday night, aged about 50 years. The remains were sent to Owensboro for interment Wednesday.

PERSONAL Gossip.

Col. R. A. Burnett and Judge Robt. Crenshaw, of Cadiz, are in the city.

Mr. M. M. Hanbery, of Cadiz, was in the city Wednesday on business.

HOPKINSVILLE MARKET.

Sales by Abernathy & Co. for week ending June 23, of 175 Hds., as follows:

65 hds Good to med. leaf. \$11 75 to 10.
57 hds low leaf, \$5 40 to 2 20.
46 hds lug, \$3 10 to 35.
Our market was firm at former quotations.

CLARKSVILLE MARKET.

Messrs. Kendrick & Runyon, of the Central, sold last week 435 hds., which ranged in price as follows:
Good to fine leaf, \$3 00, to 13 75.
Common to medium leaf, \$5 25 to 7 00.

Low leaf, \$3 00 to 4 80.
Good to fine lugs, \$2 75 to 4 80.
Spanish lugs, \$1 50 to 2 50.
Trash lugs, 90c to 1 40.
Receipts, 301 hds.

LOUISVILLE MARKET.

(Parished the Kentuckian by Glover & Darrell, direct.)

Sales on our market for the week just closed amount to 3903 hds., with receipts for the same period 4050 hds. Sales on our market since January 1st amount to 39,550 hds. Sales of the crop of 1895 on our market to this date amount to 82,480 hds.

Sales on our market this week included 1076 hds. of dark tobacco with a better market for such leaf as would class from good to fine. The market remains very quiet and unsatisfactory for the common and medium grades of leaf. In some localities, the growing crop has been damaged by heavy rains but in general, way the crop was put on the hill unusually early and is looking exceptionally fine.

The following quotations fairly represent our market for dark tobacco, 1896 crop:

THE HEADACHE, NO MORE.
Suffered nearly three years with my head. I had severe headaches and during the last year dizziness, pressure and throbbing in the brain. I have taken three bottles of Dr. O. A. Carlstedt's German Liver Syrup and my head is now well.

MISS A. S. JONES.
Nashville, N. Y.
I could not sleep at night. From overwork I became nervous, tired, exhausted and unable to sleep. I finally took Dr. O. A. Carlstedt's German Liver Syrup and sleep soundly every night from eight to ten hours. I am well and life is a pleasure.

EDWARD A. CLAWFORD.
Adm. Kadars.
Last February I felt very badly. I was getting worse and I was almost blind. I could not care for my children. I was on the brink of suicide. Finally I got a bottle of Dr. O. A. Carlstedt's German Liver Syrup. I took it for the first time in two months. I slept well and began to improve. Now I am well and a truly happy woman. Mrs. T. O. Schmidt, Milwaukee, Wis.

CHRONIC HEADACHE, NEURALGIA.
I was a sufferer from chronic neuralgic headaches and sleeplessness. Life became a burden. I tried doctors in vain. Finally I took Dr. O. A. Carlstedt's German Liver Syrup and I finally believe it saved my life.

ARTIFICIAL SUNSET.

Tesla's Latest and Most Wonderful Electrical Invention.
Under this heading there have been published the results of one of the most interesting experiments of modern times.

A few years ago, Mr. Tesla made known some discoveries of high potentialities and high frequencies in electric currents, and set the whole world a-gog. Ever since that time he has been experimenting with light in various forms, and has, among other important discoveries, demonstrated the fact that artificial sunshine can be created through the aid of phosphorescent bodies.

It is said that when the improvement in this line are a little farther advanced, it will be difficult to tell whether the light in a room is natural or artificial. This is explained as follows:

"The light is radically different from any heretofore used in commercial form. People now use units of light, made of light, simply because they have nothing better. The barbarians lighted with torches, and the people have been adopting that principle."

At a recent meeting of the American Institute of Electrical Engineers, a description was given of the advances made in phosphorescent lighting. These are very remarkable.

Battle-Ax

PLUG

Sometimes quality is sacrificed in the effort to give big quantity for little money. No doubt about that. But once in a while it isn't. For instance, there's "BATTLE AX." The piece is bigger than you ever saw before for 5 cents. And the quality is as many a man has said, "mighty good." I have no guess work in this statement. It is just a plain fact. You can prove it by investing 5 cents in "BATTLE AX."

MATRIMONIAL

Conn-Cous—Mr. C. F. Cobb and Miss Mary Cobb, both of Todd county, were married in Clarksville Tuesday by Esq. Z. Smith.

Thos. Hoppgood and Miss Nora Curry, of Henderson, eloped to Evansville Monday evening and were married.

SAVAGE HANDBY.—Mr. John Savage, of the L. & N., and Miss Bettie Hanbery, daughter of Mr. T. C. Hanbery, were married Wednesday evening at 9 o'clock, Dr. C. H. Nash, officiating. The happy event occurred at Elm street, in the presence of a few friends of the young people.

After the ceremony the bride and groom were driven to the L. & N. depot where they took the St. Louis express for the West. They will be absent some time on a bridal tour.

The groom is a well known Hopkinsville boy, who is making a success in his chosen calling, and his bride is a very popular young lady and a sister of Judge J. T. Hanbery, of the City Court.

The KENTUCKIAN joins their many friends in wishing them a pleasant journey through life.

POWELL-TUCKER.—Mr. Jas. W. Powell and Miss Joanna Tucker, a young couple from near Kirkmansville, came to this city Wednesday and were married by Judge Z. Smith. Mr. and Mrs. Powell returned to their North Christian home in the afternoon.

HARRIS DAVIS.—Mr. John B. Harris and Miss Annie C. Davis, both of Crofton, were married at the Gooch House, in this city, Wednesday morning, Rev. C. C. Hall, officiating. Both young people are well known in this city.

Hopkinsville vs. Madisonville To-day
Our local team will play Madisonville, at Madisonville, to-day and tomorrow. There are no dates on for this city at present, but we will like to have games next week.

To Answer Before "Uncle Sam"
Depose J. S. Marshall Grimes, of Russellville arrested Alva Lewis, in Clarksville Tuesday, charged with representing himself as a penman agent, and took him to Logan county. Davis is under indictment.

SEMPER FIGS
With a better understanding of the transient nature of the many physical ills, which vanish before proper efforts—gentle laxative—Bromo Quinine directly directed. There is comfort in the knowledge that many forms of sickness are not due to any actual disease, but simply to a constipated condition of the system, which the pleasant family laxative, Syrup of Figs, promptly removes. That is why it is the only remedy worthy of notice when you purchase, or everywhere esteemed so highly by all who value good health. Its beneficial effects are due to the fact, that it is the one remedy which promotes internal cleanliness, without debilitating the organs on which it acts. It is therefore all important, in order to get the benefit of this medicine, that you purchase, or everywhere esteemed so highly by all who value good health.
